

Project: Artifact Repository

Recipient: Fort Douglas Military Museum

Location: Salt Lake City, Utah

Purpose: The requested funds will be used to provide a repository for historical military artifacts that have been received from various state and federal locations. It will also serve as a repository for the state's residents who have historically significant artifacts that they may wish to donate to the museum. There is a major demand for artifact repositories that meet federal storage standards in the state. Currently many state and federal collections are at risk of deterioration. The Museum itself has a collection of more than 9,000 federal and state artifacts. This repository is necessary to ensure that these artifacts are preserved.

Amount: \$400,000
